

Innomatic™
WHERE POSSIBILITIES EVOLVE

CLINKER GRINDER FOR ASH

Clinker Grinders are specifically designed for both wet and dry bottom ash applications, offering superior performance and high-level reliability. With decades of proven experience, our clinker grinders effectively reduce material size providing higher efficiency in pneumatic, hydraulic and mechanical bottom ash handling systems. Designed to handle the broadest possible range of friable materials, this versatile [clinker grinder](#) incorporates a host of design features that improve efficiency and reliability in bottom ash handling systems.

Size: up to 150 TPH
